

Scholarship Information

Scholarship Committee administers a number of GFWC/Iowa Scholarships for use in Iowa schools. Winners must be enrolled in the fall term of the year in which the scholarship is awarded. These awards are based on the amount of money contributed by clubs and the proceeds from special fundraising efforts and interest from investments on permanent and memorial scholarships. Scholarship application packets are mailed to each club president by October of every year. It is the responsibility of the club to promote the scholarship program by working directly with their local schools to secure qualified applicants. Completed scholarship applications are mailed to GFWC/Iowa District Scholarship Chairmen.

Music campships are also awarded through the scholarship program.

The application deadline is February 1st of each year.

Attention: All Club Presidents and Club Scholarship Chairmen

The GFWC/Iowa Scholarship Packets will be sent out to each club president in October. Be sure to review the packets carefully; fill in the club information on the bottom of the Letter to the High School Guidance Counselor and on the back of the Scholarship Application. It is important that a club member writing the letter of recommendation for a student include the name of the sponsoring club. The deadline for the student's applications to the District Scholarship Chairmen is March 1st. Please get the information to your local schools as soon as possible and encourage the Counselors to inform the students of these scholarship opportunities. GFWC/Iowa has a long and proud history of supporting our youth by providing scholarships for those wishing to further their educations. We thank you for your support and ask that you continue to support these scholarships through donations and purchases from the scholarship sales tables at the district and state conventions.
